PROFESSIONAL SUMMARY

Results-driven Data Management Executive with 2+ years of experience in data operations, CRM management, MIS reporting, and analytics. Proficient in Microsoft Excel (Advanced), Power BI, and Power Query for automating reporting pipelines and building interactive dashboards. Demonstrated ability to improve data accuracy, reduce reporting turnaround time, and deliver actionable insights to cross-functional teams. Seeking a data analyst role to leverage strong analytical skills and business acumen in a high-impact environment.

TECHNICAL SKILLS

Data Analysis & Visualization: Microsoft Excel (Advanced), Power BI, Pivot Tables, Charts, KPI Dashboards
Data Processing & Automation: Power Query, VLOOKUP/XLOOKUP, SUMIFS, COUNTIFS, INDEX-MATCH
Data Management: CRM Systems (LeadSquared, Slash), Data Cleaning, Data Validation, Quality Control
Reporting: MIS Reporting, Operational Dashboards, Performance Tracking, Data Documentation
Soft Skills: Analytical Thinking, Cross-functional Collaboration, Attention to Detail, Problem Solving

PROFESSIONAL EXPERIENCE

Data Management Executive Nov 2025 – Present
Shuraa Business Setup Delhi, India

- Managed and maintained large volumes of structured business data with 99%+ accuracy across internal systems.
- Performed end-to-end data cleaning, validation, and formatting in Excel, ensuring consistency across reporting pipelines.
- Built Excel-based MIS reports and operational summaries consumed by 5+ internal teams for strategic decision-making.
- Applied advanced Excel functions including VLOOKUP/XLOOKUP, SUMIFS, COUNTIFS, and Pivot Tables to automate repetitive reporting tasks, reducing manual effort by approximately 30%.
- Coordinated with cross-functional teams to identify and resolve data discrepancies, ensuring timely and accurate data submissions.
- Supported document verification and data tracking processes to maintain regulatory and operational compliance.

Data Management Specialist Jul 2024 – Nov 2025
Vidyakul Gurugram, Haryana, India

- Maintained and updated 10,000+ client and lead records in CRM platforms (LeadSquared & Slash), ensuring real-time data integrity.
- Performed daily data filtering and organized performance tracking sheets to monitor team KPIs.
- Designed reporting dashboards in Excel and Power BI, reducing report generation time by 40%.
- Enforced data quality control standards, reducing errors and ensuring accurate documentation across systems.

Data Entry Executive Jan 2024 – Jul 2024
Rooman Technologies Gurugram, Haryana, India

- Entered and maintained employee and client datasets across spreadsheets and internal systems with high accuracy.
- Performed daily data updates, verification, and record organization for accurate and timely documentation.
- Prepared daily task reports and data summaries for leadership, maintaining formatting consistency and submission SLAs.

PROJECTS

Credit Card Business Analytics Dashboard | *Excel, Power Query, Pivot Tables, Data Modeling*

- Built an interactive Excel dashboard analyzing 100K+ credit card transactions – merged 3 datasets (Users, Cards, Transactions) using Power Query to create a unified master data model.
- Tracked key KPIs (\$4.22M revenue, 2,421 cards, \$1,745 avg transaction value) with visualizations for card brand revenue, city-wise transactions, age/gender spending, and credit risk distribution.

Quick Commerce MIS Dashboard | *Excel, Power Query, Power BI, DAX*

- Built end-to-end analytics workflow – cleaned and transformed raw order-level data (Revenue, Delivery SLA, Categories) using Power Query with automated refresh pipeline.
- Designed interactive Power BI dashboard with KPI cards, Bar/Line/Donut charts, slicer filters (Date, Category, City) and a bookmark-based Reset button for quick business insights.
